WEATHER PROBABILITIES.—For this section partly cloudy tonight and Friday; light westerly winds.

Police Commissioners.

A meeting of the Board of Police Commissioners was held last night in the Police Court room. Mayor Simpson presided and all the members of the board were present.

There was no business of public interest transacted, although the session lasted about an hour, during which time there was an interchange of opinion concerning matters in relation to the police. Mr. Graham called attention to the newspaper reports of the examination of the case of Wren and Burnett, who were recently arrested while in charge of goods which had been stolen from railroad cars. He referred to the fact that Com. monwealth's Attorney Brent excoriated Officers Lyles and Arrington for the manner in which these officers proceeded when they ascertained the whereabouts of the stolen goods.

Mr. Lawler said these officers exercised bad judgment in the part they played, to say the least.

Mayor Simpson thought the Commonwealth's Attorney was severe in his remarks, but suggested that inasmuch as the case had been sent on to the Coroner Court he would not prejudice the matter.

As stated by the Mayor during the meeting when Officer Ticer shall have sufficiently recovered from his stroke of paralysis he will be placed on duty at the station house.

The board about nine o'clock adjourned.

Charge Against Husband.

A colored woman, wife of George Washington, living at 221 north Henry street, sought Lieutenant Smith today and told him a strange story. It was to the effect that her husband attempted to chloroform her a night or two ago, and that had she not awakened he would doubtless have succeeded in his attempt to cause eternal sleep. The woman stated that her husband purchased the drug in a certain store with the evident purpose of administering it to her. She said, however, that she made no charge against her better half and did not want him arrested. The lieutenant later visited the drug store the woman had spoken of and learned that Washington did purchase ten cents' worth of chloroform a few days ago.

Elk Ridge Hunt Club.

The eleventh annual ball of the Elk Ridge Fox Hunting Club, which took place at the clubhouse in Baltimore last evening, formed a brilliant prelude to the horse show, which opened yesterday. Among the out-of-town guests were Mr. and Mrs. Courtland Smith, of this city.

The news of that city says: "Mr. Courtland H. Smith, of Alexandria, who has been very successful at recent shows, has a big string of horses now on the grounds, and he will exhibit in several classes, having entered such fine performers as Chippie Lee, Ogonquet, Garnet, Ripple, Hiawatha, Benvolio and Algonquin. Mrs. Blair Johnson, of Warrenton, will ride her prize-winning saddle horse, Robin Adair."

To Attack Goose Egg Island.

It is said that Goose Egg Island, opposite this city, has been marked, and a determined attack will soon be made upon it by the Columbia Sand Dredging Company. A modern dredge was anchored near the island this morning. This mound, resembling in shape a goose-egg, has been gazed upon by white men ever since Captain John Smith made his renowned trip up the Potomac. It is thought that considerable sand and gravel can be obtained in the elimination of the island.

Spring Carnival.

A large number of persons visited the fair at Armory Hall last night. The music was rendered by the Ideal Musical Club. Tonight the Red Men of this city and Washington will be present. There will also be a wrestling bout between two well-known athletes of this city. A section of the Marine Band will attend tomorrow night and give a concert. There will also be an exhibition of boxing for amusement between two very clever boys.

Police Court.

[Justice H. B. Caton presiding.] The following cases were disposed of this morning: Thomas Gibson, colored, arrested by Officer Betts charged with assaulting and using Harry Bowles, was fined \$2.50. Hugh Devers, arrested by Officers Al- or drunken and disorderly conduct, fined \$5. Noble Carter, charged with assault on Brooks, was fined \$2.50.

Disciples of Christ.

Notwithstanding the inclement weather of last night, the services at the First Presbyterian Church under the auspices of the Christians of Washington, were well-attended. Rev. J. M. Taylor, of H street Christian Church, of Washington, preached. A number of members of the denomination from that city were present. Services will be held tonight at 8 o'clock. There will be special singing for the occasion.

STRUCK BY A TRAIN.

Wagon Struck by Southern Railway Train on North Henry Street—Carroll Hunsborough Killed, Vehicle Smashed, Horse Killed and Load of Bottles Demolished.

A terrible accident occurred at 1:20 o'clock this afternoon on north Henry street, near the south gate of the Belle Pre Bottle Works, by which Carroll Hunsborough, of West End, was killed, a wagon smashed into kindling wood, the horse killed and a load of glass bottles shattered into thousands of atoms. At the time given the wagon in charge of Mr. Hunsborough emerged from the gate and turned to cross the track of the Southern Railway at that point. Simultaneously a light engine, in charge of Engineer Cary Crump and Fireman George Davis, appeared, and before the wagon could clear the track the locomotive struck it. A colored boy named James Johnson was also on the wagon, but he jumped and escaped injury. The engine struck the vehicle fairly and in the twinkling of an eye made a complete wreck of it, killing the horse and the driver. The engine stopped as soon as possible and a crowd gathered at the scene. Subsequently De-maine & Son carried the remains of the unfortunate man to their undertaking establishment and Dr. Purvis, the corner, having been notified, it was decided to hold an inquest tomorrow morning. Hunsborough leaves a widow and three children.

Tuesday Night's Accident.

Mr. William Bayliss, engineer of passenger train No. 39 of the Southern Railway, which was in the accident a few miles this side of Charlottesville Tuesday night, was resting easy this morning. His injuries, however, are of a serious nature. Fireman Johnson, who was on the engine with him at the time of the accident, was out today. His injuries were trifling. Mr. Bayliss remained on his engine when it shot on the siding and by closing off the steam and applying the air brakes he virtually saved the train from destruction. The train was running at the rate of forty-five miles an hour when it approached the switch, and when it was seen that the white light was displayed, there was no attempt made to slow up. The side track where the accident occurred can accommodate three or four cars, and one gondola had been left upon it. When the engineer saw he was leaving the main track and was rushing toward the flat car he made no attempt to jump, but in the twinkling of an eye closed the throttle and applied the air brakes simultaneously. Of course it was impossible to check the train materially in about 50 yards, and the engine struck the car with terrible force. The fireman, who was equally on the alert, ran back into the tender when he saw the collision was inevitable and held on for his life while he awaited the shock. He had but a second to wait and the force of the collision threw him back into the tender. The impact sent a ton or more of coal on top of him, burying him almost out of sight, and he was compelled literally to dig himself out. Further investigation substantiates the theory that the collision was caused by train-wreckers, and that the switch had been disconnected by a person familiar with its mechanism.

Order Countermanded.

Capt. J. V. Davis, Superintendent of the National Cemetery at this place, yesterday went to Washington to make final arrangements for taking charge of the cemetery at Antietam. While there he obtained permission to remain here until after Decoration Day. When the captain returned home in the evening he received a dispatch from the War Department revoking the order transferring him to the Antietam cemetery and directing him to remain at his post here for the present. In the meantime the superintendent of the Richmond cemetery will be sent to Antietam and the superintendent of the latter transferred to Richmond. The many friends and acquaintances of Capt. Davis will be pleased to learn that he is to remain here.
